# Editorial

Daily, the great American newspaper is brought into almost every home. It brings to the reader every emotion from joy to sorrow, every type of news event, sport, feature, editorial, comics, and social event. Its great value to every student is therefore obvious.

We, the Class of January 1953, have therefore chosen the newspaper as the theme of our yearbook. We sincerely hope that just like a newspaper our yearbook will bring back to the graduate, recollections of the happy as well as the perhaps unpleasant moments in his high school career; and as the years go by it will become dearer to him, recreating a sentimental smile or the faint trace of a tear. For these have been the golden years of our youth.

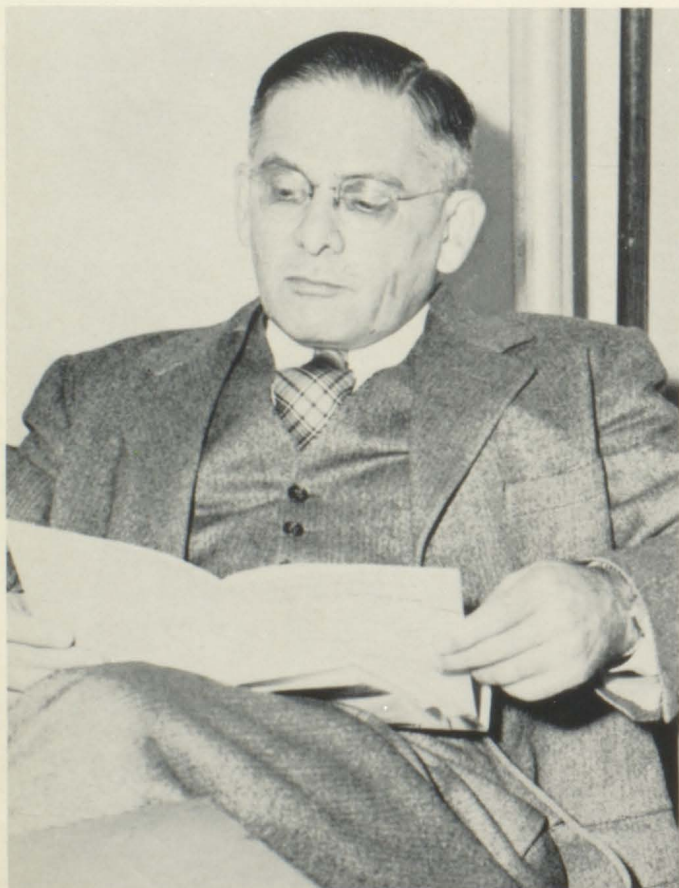

## Dr. Roger B. Saylor

Principal

The American newspaper is such an important part of our daily lives that we would be lost without it. We depend upon it for accurate information about world happenings, local news, sports, editorials, advertisements and many other topics, not forgetting the comics. It meets the needs of every American. The picture section is important to those who find reading difficult, but is also of interest to most good readers. In no country of the world are writers and publishers freer to cartoon, criticize and comment on public affairs and officials than in the United States. The American Newspaper is an institution which is the life blood of our democracy.

## Mr. Ephraim Eisenberg

Vice Principal

AVE ATQUE VALE was the old Roman phrase: "Hail and farewell!" I will reverse the sentiment and say to you: "Farewell and Hail!"

Farewell to childhood and growing pains. Farewell to high school, to its joys and disappointments, and final accomplishments. Farewell to years of growth and anticipation.

And hail to your future. May it be full of rich experience, meaningful activities, and satisfying achievements. So hail; and may you fare well!

## See What Happens?

NEWARK CITY'S Chamber of Commerce is enlisting the help of labor and business organizations throughout the state in its fight against the plan of the Kenny administration to impose a tax on Jersey City business. There is good reason for this co-operation because the tax goes through, and proves unworkable, other cities may be tempted to adopt it.

It is the kind of tax that appeals to politicians. It appears to fall only on the small group, permits plausible tax reduction.

## School Post

Politicians think voters are too dumb to vote.

action to decrease the tax base. "Organized mess," says Mr. Bauman, "is making a determined effort to bring about a more equitable form of taxation that would relieve the burden of real estate and personal property taxes."

Would Mr. Bauman tell us whether the tax base has ever relieved the estate? Those who are not paying state sales or income taxes, both, have long since dropped the real estate relief argument. They are insisting that new taxes are necessary to keep real estate taxes from going higher!

isn't required to wait and work  
years to reach the top of his de-

ated recognition given William  
Dearden at Trenton.

Mr. Dearden joined the State  
Motor Vehicle Department as a mes-  
senger when it numbered 12 em-  
ployees and the legal speed limit  
was a zooming 20 mph. He has  
run the state efficiently ever

When Martin J. Ferber resigned  
director of the Division of Motor  
Vehicles in 1951, Mr. Dearden  
stepped up as acting head. He was  
qualified in every respect for the  
job because over the years Mr.  
Dearden got to know more about  
the department than most men who  
hold the title.

# Exchange of Cap and Gown

One of the many fine traditions of Barringer is the transfer of office at the end of the Award Assembly. The President of the Senior A Class gives an address after which he places upon the 4B President his cap and gown, the symbol of "Truth, Honor, and Light." Then the 4A class leaves the auditorium for the last time as a class.

# Class History

## Sophomore Year

Ah . . . Barringer at last. After spending a year in either Webster or McKinley, we finally arrived . . . Who can forget our first day in school? We plodded through the snow to our Alma Mater, met in the auditorium and were sent to our new homerooms. This started our career in Barringer . . . Soon afterward we learned to cope with seniors, surprising faucets, and "UP" stairways. The first day here, while the girls were eager to get out and flirt with the good-looking seniors, we sat for hours and made out schedule cards, forms for tardiness, and class slips . . . Snowy February and windy March flew by and spring was upon us. Keeping our minds on studies instead of vacation was harder and harder to do . . . Career day was a novelty to us, too. All day we attended conferences about our chosen careers. The relief from school work felt pretty good, too . . . May and June passed quickly until the vacation was here. How we enjoyed our newly acquired leisure . . . September found us recalling the wonderful moments of a glorious summer . . . We were proud of our football team that year. Central and East Orange fell before us and we copped the City title.

## Junior Year

Thank goodness that we were juniors now. Being the babies of the school wasn't exactly what the class wished for . . . In the spring Pat Vreeland, Eleanor Claricuzio, and Dot Hopp made the cheering squad . . . We finally got good seats in the auditorium . . . Before we knew it, exams were over, the graduates were gone and summer was here again . . . Boy! did our heads swell when we became 3A's . . . Our football team met defeat in the fall, but our contributions: Bob Filoramo, Tony Marciano, and Bert Amatucci made us feel good . . . Bobby and Tony got their major B's at the award assembly in January . . . In December, Miss Gray presented two one-act plays and of course Anthony Frascella and Jerry Otto did fine jobs in their roles. Putting on plays is some job and we felt good about reviving this fine art.

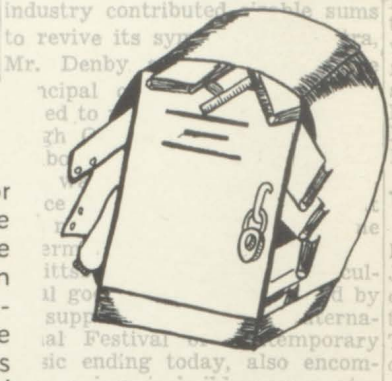

## Senior Year

The fruition of our dreams was fulfilled when February '52 came. Our heads were high and our noses were tilted when we marched into the auditorium the first day of the term . . . Our first dance, Clover Capers, was held in March and what a success it was! . . . Anthony Frascella ran for class president and won . . . At the end of March we and the dramatics class presented "Double Door". For three nights our Alfred Lunts were hard at work making good work of the play . . . In April the dare-devils of 95 braved the upset when their ceiling fell in . . . The spring concert was a great success and Mr. Argand was a picture of pride . . . In June a class picnic was held in Linden and a good time was had by all (see the pictures).

Need we explain our feelings when we came back as 4A's in September? Finally we were "B T O's" (Big Time Operators). We laughed at the juvenile freshmen who invaded the school (we were never like that, or so we thought) . . . we tried to establish in the minds of the underclassmen, whom they were to respect . . . The honor seats in the auditorium were ours, but our small class only filled three complete rows . . . Our football team did better than we expected, Garfield and Weequahic succumbed but our annual rivalry with Central saw us lose . . . At the end of the season we discovered that we were tied with Weequahic for second place in the all-city league . . . We even managed to pull through Mr. Ammarrell's history tests.

Our 4A dance was held on November 26, as usual it was a success.

Then on January 28th, we, the class of '52, received our diplomas from our alma mater and all that was left of four years of training was a wealth of knowledge and many pleasant, unforgettable memories.

## NYC IS ACCLAIMED WITH MANY PRIZES

Industry-Wide Recognition of City Station Is Stressed in Report on 1951 Activities

Last year the city's radio station, WNYC, was publically recognized for its broad range of programming. In a report issued by the Mayor's Commission on the City's Cultural Life, Mr. Siegel cited the particular contribution to the principal awards won in 1951 on WNYC by various agencies—The Bruckner Society of America, medal of honor; of board magazine, for public ice promotion; Variety, for WNYC's work as an outstanding commercial station; the Koustzky Music Foundation, for the elopment of musical talent, and Veterans of Foreign Wars for community service.

The contention of law which is issue in the suit," Mr. Spingarn said, "is whether, under the Fair Trade Act, which legalizes resale price maintenance, it is still illegal for retailers to agree not to compete among themselves under the circumstances alleged in the Eastman case." The Commissioner emphasized

Anthony Frascella, the newly elected Mayor of Newark, held a meeting at City Hall today to discuss the invention of the B-Bomb, invented by "Marie Cuseo" and "Joyce Buccino" at the laboratory of S. "Albert" Peoples.

Lucille D' Errico, better known as the second shakespeare, has written the current hit of Broadway, **The Men In My Life**, starring Dorothy Hopp and Bob Hirschfield. It is being broadcast on Station WXYZ-ab and televised on Chanel No. 5 (not channel either) by the Drew Pearson of our time, Martin Honig, who is 100% wrong 98% of the time.

Lucille DiLeo was the first woman ever to be elected "dog-catcher" of "Oshkosh". Lucille as you all know was that fearless lass from H. R. 83 who dotes on taking care of animals, especially wild dogs.

Colleen Burke has just finished her first novel, **Why Have Red Hair?** or **The Carrot Curse**.

Pat Vreeland, suffering from a hoarse throat and a patient of Dr. Chaplin, the eminent veterinarian, brought her prescription to Dorothy Hopp, the pill pusher to be filled. She has been under the care of nurses, Terry Lopez, MaryAnn MacNulty, and Grace Rotunda, graduates from the medical school of Alcatraz. Their slogan is, "the doctor brought you to death's door and we'll pull you through."

A new Western band called the "Yo'olin Wranglers" under the able supervision of Frank Cottone, the super-routin cowboys, have just finished a bang-up engagement at Ronald Nicastro's plush nightspot, "Cafe Melancolique". Pat Bianchetti and Joseph Thomas, members of Frank's band have just been graduated from the musical college of Sing-Sing.

Ernie Viviani, Bob Winbush, Bob Filoramo, and Elmer Troublefield have just completed their comic strip "Lil Abner Jr." or "The Son of Lil Abner and Daisy Mae."

The telephones have been ringing so often in the "book firm" of Giordano, Blasi, Cocca, Mesce, and Juliano, Inc. that they have resorted to earmuffs. They are currently preparing for the coming baseball season after a busy season at the track.

Felix Martino, a judge of the Supreme Court, has just convicted Gerald D'Allegro of bigamy, after the longest trial in the history of the Supreme Court. Gerald, as you all know, has tied the nuptial knot three time; it seems things have finally caught up with poor Gerald.

Nat Small and Earl Beauchamp have opened up their new embalming palace. We all anticipate becoming their customers in time to come.

Joyce Guiliano and Rose Merola, recent graduates of Teachers College, have just concluded their pet project, "An ideal school". It consists of no homework and above all, no pupils.

The feminine pulchritude of the class of January 1953 was invited to Bob Winbush's **Beauty Emporium** for a free hairstyling and thorough overhauling.

Pat D'Alessio, our G-Man, uncovered a mystery in Barringer for which he received many votes of thanks. It seems that the ceiling in Miss Schneider's room fell down and he finally deduced after many months that it was due to the rain and the age of our Alma Mater.

There's a rumor that there will be a new basketball coach for Vassar University. (We'll let you in on a secret, it may be none other than Vinnie Albanese.)

On the marriage side of things (Très important) our super snooper finds that Pat Bianchetti is finally married to Bob; Pat Vreeland is now the happy wife of Carl; and Marie Liccone is now the wife of Joe and the sister-in-law of Grace Rotonda

Ralph Attanasio, (who was the vice president of the graduating class of Jan. 1953) has now been elected "Mr. America 1963". Our "Miss America 1963" is none other than that pretty black haired, brown eyed miss, Sandra Hoffman.

Barbara Monda, the new comedienne of the hilarious television show "Regimental Beasts", has just arrived after a strenuous trip abroad (accompanied by Doreen Cook) to appear at the "Last Chance", a night club owned by Joe Lucciola.

Phyllis Gonnella and Eleanor Claricurizio, are the new fashion commentators for Saks 5th Ave. Their assistant is Frank Gesualdo, who takes over as their fashion dummy when one is needed.

Pat Crowley has just been engaged as the private secretary of future yearbook staffs. We leave Barringer feeling reassured that the staffs won't run around like "chickens with their heads cut off" and that Mr. Palin will have a calm and serene life after we're gone.

Anthony Pepe and his all girl orchestra gave a concert at Carnegie Hall last night. Marie Restaino and Edna Potter are prominent members of this spectacular organization. A regular feature is Evelyn and her "Tragic Violin".

Rhoda Horowitz and Connie Alexander attended the wedding of Frances Lardiere. They were anxiously awaiting the throwing of the bouquet. Seems the lasses are feuding about who will march down the last mile first.

Elaine Perugino and Ann Morelli have collaborated on a best seller, **Our Names are Elaine and Ann**.

Carole Pickel and Grace Viola are pursuing another aspect of a literary career. They are writing a history of Barringer. They have discovered so many things that the book may not be published.

"Lover-Boy" Picillo has just written what is considered to be the best piece of poetry of our time, **The Murders of My Nine Wives**.

Irma Iannacone and Terry Balicksy are now modeling for Rose Vaccaro's agency "Beauty is not for Beasts".

Marciano, Benet, and Ciccone, the owners of the M. B. & C. Construction Company, will have the honor of rebuilding Barringer with the money donated by multi-millionaire Bob Veronsky.

Al Meglio, Glenn Molchan, and Bob Owens are to be present at the meeting of the **Devil at Bat or Saint and Sinners**, a new club discovered by Bill Matthews.

Peggy Bell, Evelyn Branch, Bill Freda, Dolores Curley, Lucille Potignano, Joan Page, Dolores Sacco, Rose Merola, June Marshall, Lucille DiLeo, Lena Thomas, Pat Vreeland, and Terry Lopez are all part of the newly formed, Langston Miles for president club. Langston expects to run in the election of 1964. He can surely count on the votes of the aged and tottering class of '53.

A new office downtown bears the name, Jackson and Perry, Attorneys at Heart. The boys have just graduated from D. Newmark's College of Law. Their first customer was Dolores Sacco. Will you be the next????

This presentation by the combined 4B and Dramatic groups on March 26, 27, 28, 1952 was the revival of the dramatic tradition at Barringer High School. Directed by Miss Clara Mae Gray and under the supervision of Miss Alice Schneider, Class Adviser, it proved to be quite successful.

### The Music Whirl

Our Spring Concert which is held annually, is becoming a famed and successful tradition. The music for this gala night consists of classical and popular music, solos and group songs. Each of the Glee clubs and the band and orchestra perform both individually and collectively.

Months before the presentation, preparation for the music festival is begun. Under the able direction of Mr. Argand, Mrs. O'Loughlin and Mr. Greenfield, the groups (well-trained and talented) give a performance that is a credit to their school and their instructors.

# 4B Picnic

And it's a high fly!!

Carefree June days and a picnic for the senior class . . . Linden Pool, Linden, New Jersey . . . Two bus loads of energetic senior B's plus Miss Schneider, Mr. Bruder, Mr. Palin, plus one perfect June day minus one day's school assignment equalled one memorable good time.

This is the life—pass me some of that southern fried chicken!

Ah, come on in, it's not cold!!

**Miss Schneider:** A manual on salesmanship or "How to make friends and influence people."

**Mrs. Carleu:** A pair of wings for each member of the class. If you keep on flying around like you have in 4B and 4A, you'll need them.

All those who desire a shower may take an extra 15 minutes. No need to be concerned about your next class; late slips will be available at all times.

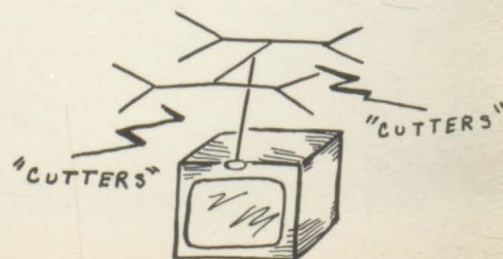

**Mrs. Burley:** My good will and a book of brand new excuses for absences.

**Mr. Slavin:** A tape recorder with some French records to perfect their "parlez-vous".

**Miss Scalera:** To the 4A class, I bequeath the endless list of fantastic excuses for why girls don't have their gym suits.

**Mr. Allen:** To the class of 1953 I bequeath the nice, fat, bologna-like, meaty columns in our auditorium which have been so beneficial in developing your swan-like—and to your great, great, great grandchildren we bequeath in absentia (who wants to live that long) the new auditorium in the **new** Barringer.

So you want to be a scientist?

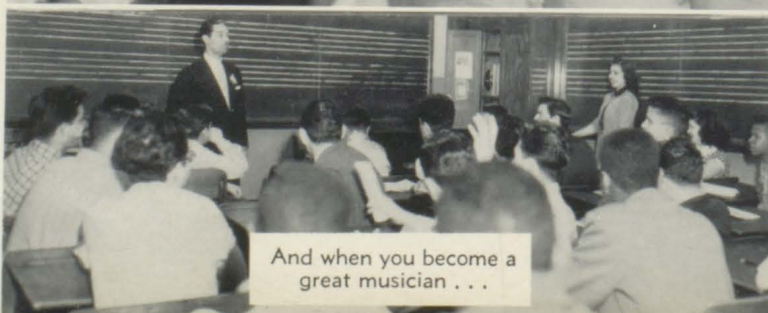

A woman's place is in the home!

On March 21st, 1945 Barringer held the first Career Day in the city of Newark. So effective was its results that other schools soon followed our example.

On this day, which comes once every two years, outstanding personalities from various walks of life meet the student body in separate conferences. Many of these guests are former Barringerites which lends an air of "old home day" to the occasion. All the information relating to their particular field which would possibly be of interest to prospective careerists is discussed to the enlightenment of many.

Plowing through West Side

The 1952 season began with some qualms because of the loss of so many seniors at graduation. Added to early injuries our fears seemed justified when the first game ended in a lopsided loss. Then the spirit of the team and the able coaching of Mr. Naporano and his staff took effect. Game after game showed improvement. Losses were close with scores usually late in the game. The West Orange game, for example, was lost in the last minute. The result was glory for the team despite the scores, because with comparatively inexperienced men, Barringer played "over its head" time and time again and wound up tying for second place in City League.

Sesser Peoples stealing the ball in broad daylight.

The Basketball season opened December 9 against Seton Hall with only two 4A's in the lineup: Sesser Peoples, forward and Vinnie Albanese, guard. With six veteran 4B's returning, of whom Mel Jackson offers most promise. Coach Joe Neremberg hopes for a successful season.

# Baseball

Bill Freda  
2nd Base

Ronald Nicastro  
3rd Base

With only one first stringer returning from 1951's near City Champions, Barringer's baseball fortunes took a sharp downward trend in '52. The Blue dropped to sixth in the City with a record of two wins against eight losses, and only racked up four wins in the entire season.

After beating Central and Saint Benedicts in the season opener and follow through, the Ridge Streeters had a long drought before winning their next game, downing East Orange. One of the bright spots in a dismal season came in the second game of a double header with East Side, Barringer knocking the Ironbound powerhouse off, thereby eliminating them from the City League race.

Both Bill Freda, second baseman, and Ronald Nicastro, third baseman from the January, 1953 graduating class, saw plenty of action, and gave valuable aid to the weak but determined Barringer nine.

Freda starred in the East Orange, St. Benedicts, Seton Hall and Bloomfield games, while Nicastro excelled in the East Orange, Kearny, and Bloomfield contests.

Dear Graduates of January 1953,

I wish each one of you success and happiness in adult life. I hope you will regard your High School education as only a foundation and will build on it either by yourself or with the help of institutions at day or evening classes. No matter what your job may be, continue learning to think—study logic; aim to acquire a mature mind—study Overstreet's Book, consider the problem of World Peace—read, among others, the works of Sir Norman Angell. And ever try to express worthy thoughts in the best language you can. Then I think you'll succeed in graduating well from Life School.
